ABOUT US

JMT Rubber is a leading manufacturer of Silicone and FKM Rubber solutions, serving the Food, Pharma, Medical, and Engineering industries. Our mission is to deliver products of the highest quality and standards, ensuring our customers feel both proud and satisfied. Today, we are recognized as a trusted partner by major pharmaceutical companies across India.

This success is the result of continuous improvement, a deep understanding of customer needs, and a commitment to creativity and innovation in product development. At the heart of our growth is our dedicated workforce of 50+ professionals, whose expertise and passion drive us forward.

We conduct our business with integrity and honesty, striving for excellence in everything we do.

MISSION

Our mission is to deliver meaningful value to our clients by upholding the highest standards of quality, service, reliability, commitment, competitive pricing, and safety. We continuously innovate to simplify processes, enhance efficiency, and reduce costs, ensuring our customers benefit from faster and smarter solutions.

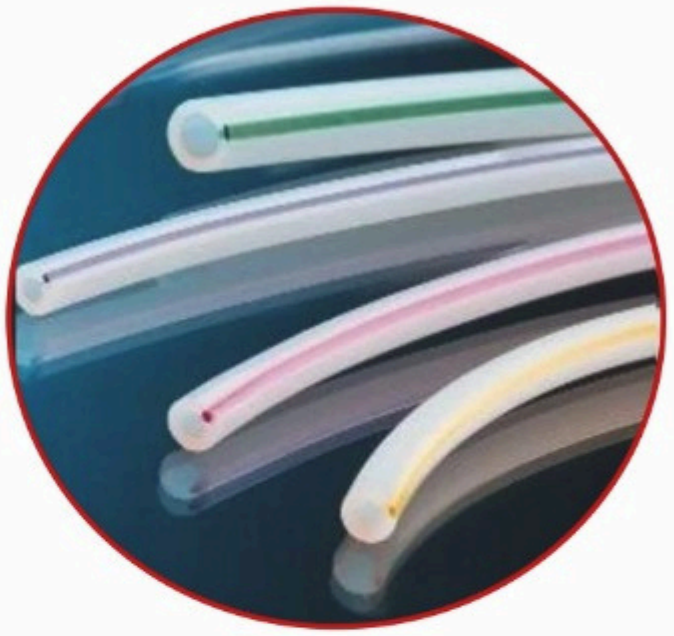
VISION

To be recognized as a benchmark organization in the process industry by delivering world class products, exceeding customer expectations, and achieving sustainable growth through continuous improvement, integrity, teamwork, and creativity.

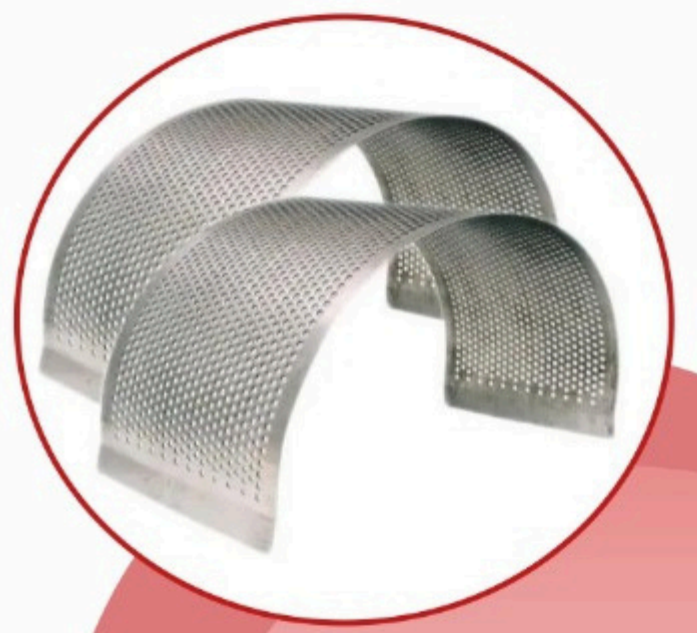
VALUES

Integrity-We conduct our business with honesty, transparency, and authenticity.
Quality-We deliver products and services that consistently meet and exceed customer expectations.
Accountability-We take ownership of our responsibilities and outcomes.
Respect for People-We foster an environment built on trust, dignity, and mutual respect.

COLOUR CODED SILICONE TUBE



CONEMILL & SIEVES



SUCTION CUPS

MODULATED GASKETS

Silicone D&B tooling dust cup

SMS union gasket

Hopper Gaskets

SILICONE SLEEVES

PTFE / SILICONE SHEETS

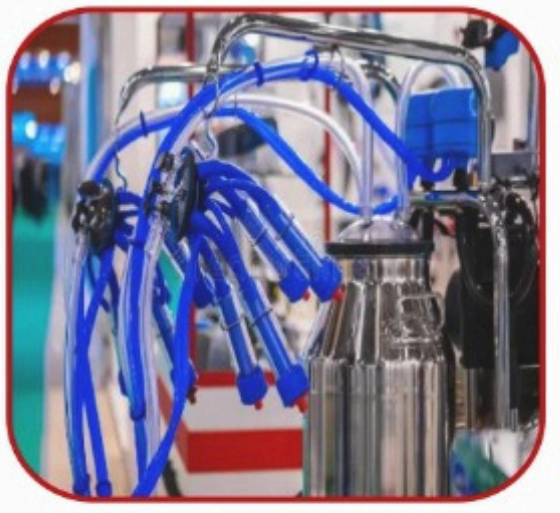
O-RINGS & DIAPHRAGM

RANGE OF TUBING

Pharma & Biotech

Coffee Vending

Beverages & Cosmetics



Food & Dairy

Platinum Cured Silicone Tubing for Critical Fluid Transfer Application

Platinum Cured Silicone Tubing with Extended Pump Life for Continuous Peristaltic Pump Application

Ultra-low Temperature Resistant Silicone Tubing (-112°C)

Platinum Cured Silicone Tubing for Food, Beverages & Dairy Application (Non Critical Market)

PTFE Tubing for Corrosive Fluid Transfer Application

FEP (fluorinated ethylene propylene) / fluoropolymer tube

Antistatic Silicone Tube Specially developed to dissipate static electric charge while transfer of flammable fluid

Fluoropolymer Tubing for Highly Corrosive Chemicals & Solvent Transfer Application

FEP Retractable Coil Ideal for all applications using DI water / laboratory use (Isolator)

Bi-layer thermoplastic elastomer tube

Thermoplastic Elastomer Tube Compatible with Peristaltic Pump Application

Thermoplastic Elastomer Tube with Heat Sealable and Weldable Properties

- *Shelf life: 5 years*
- *Standard packaging size: 10 / 15 / 25 meters*

SILICONE BELLOWS

For Powder Transfer System

For Tablet Compression Machine

RUBBER EXPANSION BELLOW

METALLIC EXPANSION BELLOW

PHARMA & FOOD GRADE PVC &HOSES

INFLATABLE SEALS

AVAILABLE NOZZLE

REINFORCED HOSES

Platinum Cured Silicone Hose Reinforced with Polyester Braiding

Silicone Platinum-Cured Double Braided Polyester Hose

UNIFLEXSIL PTFE Lined Platinium Cured Silicone Hose with SS304 Braiding

Platinum-cured silicone reinforced with SS 316L helical wire

Ultra-flexible platinum cured silicone reinforced hose with SS 316 helical wire

Silicone coated glass fabric reinforced duct hose

Silicone Platinum-Cured Double Braided Polyester Hose

TRICLOVER GASKETS
